Subject: Re: Interagency Coordination Meeting -- Phase II Delta WQCP

Good morning.

I am leaving on vacation for two weeks at the end of today.

The attached paper is my attempt to get the ball rolling toward some coherent and common vision to offer to the board in the comments for Aug 17 and the oral presentations on September 5. I have tried to base the discussion on the flow recommendations from DFG, on both OCAP BOs, and on the Board's own flow report. I have also tried to incorporate those additions or changes that reflect recent scientific work and have attempted to address elements of the BOs that have been subjects of discussion already.

I eagerly await returning to work on Aug 8 and opening my email to learn what the Board should hear. If not, I am sure we can reach consensus at the face-to-face meeting Erin is arranging.
